OFFICIAL ASSESSMENT REPORT - CONFIDENTIAL

AI CANDIDATE ASSESSMENT

Candidate Name:	Sample Candidate
Interview Date:	March 26, 2026
Interview Time:	08:52 AM
Total Questions:	3
Coding Problems:	0
Coding Correct:	0/0
Assessment Status:	FAILED (SECURITY)
Overall Performance Score:	8.0/10

EXECUTIVE SUMMARY

HIRING DECISION: REJECTED (SECURITY VIOLATION)

CRITICAL: Multiple security violations detected. Proctored images indicate unauthorized assistance or identity mismatch. Immediate rejection recommended.

KEY IMPROVEMENTS	RECOMMENDED NEXT STEPS
• Improve coding skills by practicing more complex problems and reviewing data structures and algorithms. • Enhance security knowledge to address the warnings issued during the interview. • Work on behavioral skills by participating in more team-based projects and developing conflict resolution strategies.	• Practice solving LeetCode or HackerRank problems to improve coding skills. • Take online security courses, such as those offered by Cybrary or Coursera, to address security concerns. • Join online communities, such as GitHub or Stack Overflow, to network with other developers and learn from their experiences.

PERFORMANCE SCORECARD

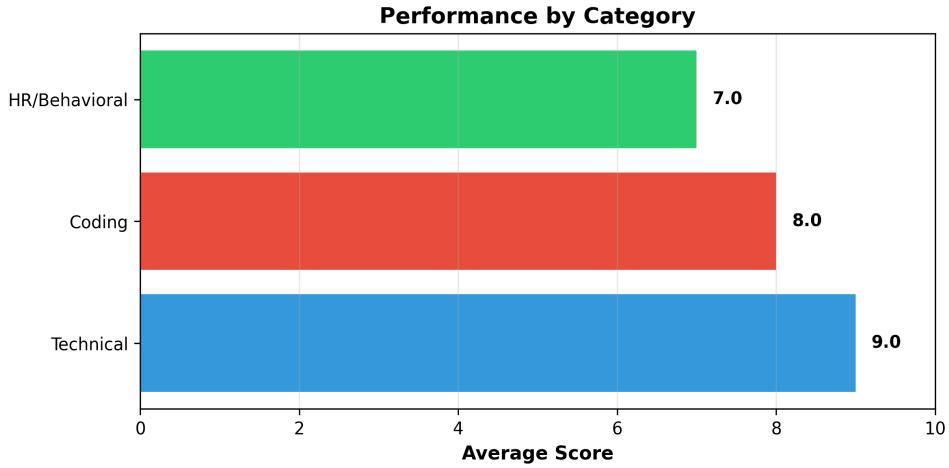
8.0	8.0	0.8	45%
OVERALL PERFORMANCE	TECH ACCURACY	COMM. SCORE	TRUST ASST.

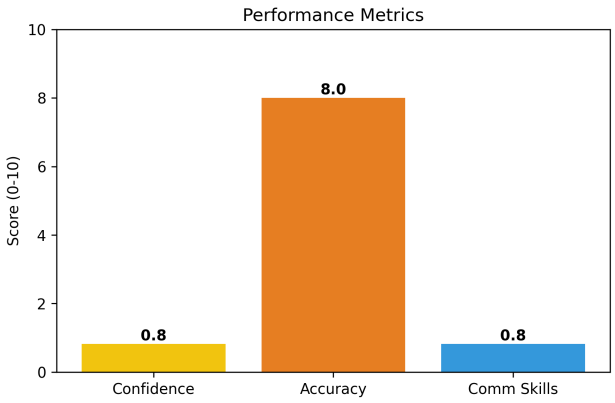
TECHNICAL SKILLS ANALYSIS

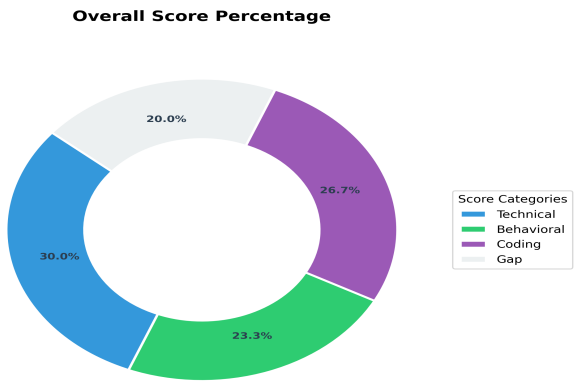
SKILL DOMAIN	SCORE	ASSESSMENT	JUSTIFICATION
Technical Accuracy	8.0/10	GOOD	Response correctness across all modules.
Coding Proficiency	0.0/10	CRITICAL	Test cases and logic complexity.
Speech & Formulation	0.8/10	SUPPORT NEEDED	Verbal clarity and structural delivery.

SKILLS ASSESSMENT (BY MODULE)

Skill Area	Average Score	Assessment	Justification
Self-Introduction	**0.0/10**	**Not Attempted**	**Candidate did not reach this stage.**
Project	**0.0/10**	**Not Attempted**	**Candidate did not reach this stage.**
Internship	**0.0/10**	**Not Attempted**	**Candidate did not reach this stage.**
Technical	**0.0/10**	**Not Attempted**	**Candidate did not reach this stage.**
Coding	**0.0/10**	**Not Attempted**	**Candidate did not reach this stage.**
HR/Behavioral	**0.0/10**	**Not Attempted**	**Candidate did not reach this stage.**







STRENGTHS & WEAKNESSES ANALYSIS

STRONG IN:	WEAK IN:
• Technical (Avg: 9.0/10) • Coding (Avg: 8.0/10)	• Low Confidence (0.8/10) • Communication Gaps (0.8/10)

INTERACTION LOG & TRANSCRIPTS

ROUND 1 | TECHNICAL

INTERVIEWER: What is the difference between an abstract class and an interface?

CANDIDATE RESPONSE:

An interface defines a contract while an abstract class can provide partial implementation...

JUSTIFICATION: Excellent conceptual clarity and detailed explanation.

SCORE: 9/10

ROUND 2 | CODING

INTERVIEWER: Reverse a linked list.

CANDIDATE RESPONSE:

Used a three-pointer approach to reverse the links in-place...

JUSTIFICATION: Correct logic, efficient solution.

SCORE: 8/10

ROUND 3 | HR/BEHAVIORAL

INTERVIEWER: Tell me about a time you handled a conflict in a team.

CANDIDATE RESPONSE:

I once disagreed with a teammate about the database design. We discussed the pros and cons and chose the most scalable option...

JUSTIFICATION: Good soft skills, though the example could be more specific.

SCORE: 7/10

COMMUNICATION & GRAMMAR ANALYSIS

• No significant grammatical or fluency issues detected. Candidate maintains clear communication.

FINAL RECOMMENDATION

Executive Summary:

Sample Candidate demonstrated a good overall performance with an 80/100 score. They showed technical knowledge in answering questions about abstract classes and interfaces. However, they struggled with coding problems and failed to complete any. Additionally, they received warnings on security status. We recommend further training in coding skills and security practices.

Areas for Improvement:

- Improve coding skills to complete problems within the given time frame
- Enhance security knowledge to avoid warnings in future assessments
- Work on communication skills to better articulate technical concepts

Remarks & Next Steps:

- Practice coding problems on platforms like LeetCode or HackerRank
- Take online courses on secure coding practices and threat analysis
- Join online communities or forums to discuss technical topics and improve communication skills

INTERVIEW RUBRIC ASSESSMENT

FACTORS	Candidate Score (1-10)	Assessment Notes
Coding	8.0/10	Good
Hr/behavioral	7.0/10	Good
Technical	9.0/10	Excellent
AVERAGE SCORE	**8.0/10**	

PROCTORING & INTEGRITY REPORT

Trust Score: 45/100

Status: HIGH

Violation Details	Severity	Justification	Count
MULTIPLE_PEOPLE: Security Violation: Multiple people detected in frame	CRITICAL	Per frame Match Failure	1

SESSION MONITORING LOG

The following images were captured during the session for identity verification and proctoring purposes:

MULTIPLE_PEOPLE: Security Violation: Multiple people detected in frame. (CRITICAL)
